

Our August Monthly Mission Project: *Granola Bars for the students of Barbara L.*

Barbara L's classroom is known at her high school as a place where low-income students can get a granola bar to ease the pain of hunger due to the lack of food and nutrition at home. Many of us have been donating boxes of granola bars to Barb and her students throughout the year.. This August, we want to provide enough granola bars to support her students for several months rather than just a few days.
